MEMORANDUM FOR: Acting Deputy to the DCI for Collection Tasking
FROM: Director of Central Intelligence
SUBJECT: Lessons Learned from Rescue Mission

Thanks for the excellent report [] on the lessons learned from the rescue mission. I'd now like to be sure that we make this available to the appropriate people. It seems to me this is reasonable distribution within the Agency and distribution to the intelligence community heads. If we let them have it soon, we can then discuss it at the next meeting.
